

STRHIVE

Vagabonding sessions expanded with help from Sirius Minerals Foundation funding.

Sirius Minerals Foundation donated £5,000 to StrHive, who will use their funding to expand their Vagabonding for local youngsters.

“These sessions are fantastic as they get youngsters out of the house, off their phones and out and about in the woods or to the beach. The funding will help us buy things like waterproof clothes and equipment and radios, and also help with admin and staffing costs,” said James Hopper, Director of StrHive.

“It also gives us the opportunity to expand these sessions out to more people and will benefit so many people in our community, so thank you to the Sirius Minerals Foundation for making a real difference.”
